

Virtual Small Groups

What

Virtual Small Groups are weekly video chats hosted by members of Liberty Baptist Church that allow members to stay connected while practicing social distancing. There are seven groups available. Two of the groups are specifically for women, while all others are open to anyone.

Why

The purpose of these Virtual Small Groups is to connect members of LBC by checking in on the physical and spiritual wellbeing of members, participating in Scripture reading and a brief time of prayer, and creating a fun and enjoyable outlet for conversation.
